Corporal James Albert Barber (1841-1925) was born in Westerly on July 11, 1841 to Matthew and Phebe (Hall) Barber. He worked as a fisherman and boatman for most of his life, and served as Captain of the Watch Hill Life Saving Station. At the age of 20, he enlisted in the 1st Regiment, Rhode Island Light Artillery. He was eventually made Corporal in Company G, 1st Rhode Island Volunteer Light Artillery. Barber was at the battles of Antietam and Fredericksburg and involved in other action with his company from November 1861 through June 1865. In April 1865, at Petersburg, Virginia, he was one of 20 chosen artillerymen who voluntarily accompanied an infantry assaulting party and captured guns to turn on the enemy, an act for which he was awarded the Congressional Medal of Honor on June 16, 1866. Barber married Hannah J. Tourgee on March 14, 1865. They had had seven sons, four of whom survived to adulthood. Barber died on Jun. 26, 1925 and is buried in River Bend Cemetery in Westerly, RI.

Wednesday December 10the
The day comes in pleasant every thing is wild with excitement about moveing we was ordered to take 2 days rations in our haversacks and be ready to moved 5 pm we have been drawing clothes to day at 5 pm we left our south work opposite Fredericksburg and went a little above Falmouth and took our position in Battery to give the rebels battle the next morning if they fired on our men while crossing the river to take Fredericksburg we got every thing ready being the first on the field and very soon 2 other Batterys Benjamins an kings regular Batteries and Battery L New York all took their position on the field together by eleven oclk in the evening an spred their cannons on the on Champlin and myself liy down on the cold frozen snow an quietly went to sleep expecting to have a fight in the morn.

Thursday December 11the 1862

The day comes in pleasant at 5 ocl in the morning I was awoke out of my sleep with the heavy roar and booming of Artillery which took between our Batteries south of Falmouth an the rebels Batteries at Fredericksburg the engineer was placing a bridge across the river opposite Fredericksburg and the rebels sharp shooter fired at them out of the building killing several of them and the General gave orders to fire on the City which soon had the effect of setting it on fire and the seventh Michigan and Twentieth Mass vol went across and drove out the rebels on then the bridge was soon layed at nine ocl our Battery commenced firing from the right of Falmouth on the City we kep up fire until 11 ocl and the City was on fire in 7 places the firing was kep up all day by the Artillery and knight our men had possession of it.

Friday December 12th 1862

The day come with a thick vapor which hid all views of the enemies works around Fredericksburgh the troops arose early especting to renew the first attack but time wore away till a late hour knot a gun was fired but at 11 ocl the wind breezed up from the north next on then the mist cleared up when the large Seige guns from this side of the river followed by the light guns began to shell the rebels which was answered them with great rapid dity the firing was sharp an composed the Artillery and lasted until 2 ocl pm an then firing slackened but kep up by intervals all through the day Our Battery has been on the is side of the River an kep up firing all day at long range on the rebels with receiving a single shot from them at knight Fredericksburg was still on fire and in the evening our guns ceased their fires the supply train came up with more ammunition on the battery filled up with ammunition fed their horses an the men took 2 days rations of food an ly down to rest them Selves so to be redy for another days fighting.

Saturday December 13the 1862

The day comes in warm with a thick mist which hid all views of the enemies lines of works situated on a crest of Hills in their rear of Fredericksburg at the dawn of day Our large seige guns situate on this side oppersite of the Town began to throw sheels into the rebels works and was soon followed the Light guns. The firing was sharp on both sides and composed of Artillery an lasted until 12 ocl When General Sumners right grand division of the Potomac Army attacked the enemis works in the rear of the Town with
his Infantry and 12 pounds guns then the heavy roar an charches [charges] of musketry commenced intermittly [intermittently] led with Artillery which nearly shook everything around Ges Frenches Hancock [Winfield Scott Hancock] and Howards [Oliver O. Howard] Divisions of Couches Corps made an advance double quick on the enemys [enemy’s] works under a galing [galling] fire from the rebels Artillery which mad [made] numerous gaps in their ranks that was amended by the lines closing up and then again they rush on like mad men till within a few hundred yards of their lines of works they would rise up out of they [their] concealment [concealment] an pour in fresh rolles [rolls] of musket at short range with deadly effect and for two hours under so deadly a fire waverering to and fro and at last compelled to fall to the rear amidst shouts and yells from the enemy an was quickly relieved by fresh troops and then fighting was kep up till knight. General Franklins [Major General William Franklin] left grand Division that crossed the river 3 miles before the town attacked the rebels and routed them driving them about 2 miles taking some prisoners at knight his men ly [lay] down on the feild [field] with the dead both Union an rebels a they had fallen in their desperate struggles an he held all the ground at knight the main body of our men fell to the rear under the cover of the buildings in the place. Our Battery and 4 others kep [kept] fire all day from this side of the river raking the rebels works on their right driven off one of their batteries favoring our troops greatly.

Sunday December 14the 1862

The day comes in pleasent [pleasant] and warm the Sun shining bright at 2 oclk in the morning we picked up our horses fed them then we left our position near Falmouth an marched down to the Lacy house where the was 2 bridges on which we passed over into Fredericksburg there we found nearly every house was riddled an torn to peaces [pieces] by our sheels [shells] and some of them was burnt to the ground all being discarded [discarded] by the people no living one left to take care of their proppery [property] every thing left to be used or carried off by the Souldiers [soldiers] we took our position in a garden [melose?] by the enemis [enemys’] guns where we began and dug into a bank so to place our guns and horses out of sight of the enemy every house was filled with men on the streets crowd with our men they kep [kept] them selves out of sight of the rebels sharpshooters Our men was every moment especting [expecting] to attacked them but time wore away an knight [night] came on we did not change but a few shots with the rebels our men lay down to sleep by the side of their guns other in the houses especting [expecting] to morrow the battle would be renewed as to day was Sunday our Generals did not want to bring a battle it being against the President will.
